WORK EXPERIENCE

2020 - 2023

SENIOR FRONTEND DEVELOPER

Markon CS

It's a new growing consulting services company which give an IT solutions for clients, we mostly worked on Developing ERP systems for our clients. I was also in charge of teaching juniors and guide them. I'm still working there but as a freelance.

2021 - 2023

ANDROID DEVELOPER

BluMed (Mobile app startup)

I worked as an android developer for this startup. The app is still under development but it will get launch soon, it's a mobile app for medicines delivery. we also collaborate with Markon cs company to handle the ERP/CRM systems for this startup, I worked in both web and mobile app for this startup.

2019 - 2023

FREELANCER

Along side with Markon CS

Worked for a lot of company as a freelancer associated with Markon CS company. We worked for comapnies such as ElHilali and United insurance company.
